

Bill Shorten's **Kokoda** **Challenge**

I'm about to trek the Kokoda Trail, a 96 km journey through the dense rainforests and mountains where Australian and Japanese soldiers fought during World War II.

It will be a gruelling challenge.

Meanwhile, many families in Australia will be facing a very different challenge, the challenge of raising a child with autism.

By sponsoring my trek along Kokoda, you will be raising funds for the Western Autistic School and helping children with autism and their families.

**** ALL FUNDS RAISED WILL SUPPORT THE WESTERN AUTISTIC SCHOOL ****
